Maintenance of Certification (MOC) Activities

■ AAAAI QCDR for Practice Improvement 2017
Satisfy quality reporting and MOC requirements when you use the AAAAI Quality Clinical Data Registry (QCDR) for practice improvement. Physicians can earn 20 AMA PRA Category 1 CME Credits™ over a 30 day period for completing this activity. For more information and to register, go to education.aaaai.org/pipro/QCDR2017.

■ 2017 PI Pro: Allergy/Immunology Self-Assessment
This self-assessment activity will have you answer a series of short tests covering the clinical domains of allergy/immunology. Based on your results you will develop a personal learning plan to address areas in which you could improve your knowledge and competence. Visit the AAAAI Continuing Education Center at education.aaaai.org/pipro/2017selfassess for more information.

■ Practice Improvement Modules Available
The following offer 20.00 AMA PRA Category 1 Credits™ and meet the ABAI Part IV requirements for MOC:
- PI PRO: Food Allergy, located at education.aaaai.org
- Coming soon: New and improved Asthma IQ modules

Featured CME Opportunities

■ Practice Management Workshop
The 2017 Practice Management Workshop will be held in Rosemont, Illinois (near O’Hare Airport) July 14-16. Registration is open at education.aaaai.org/2017PMW.
